

Oregon Healthy Teens, 2007-2008
11th Grade Data Summary
Polk County

OHT year table titles indicate in what year(s) the question was asked: (e.g., "OHT 2007-2008" means that the question was asked in both years.)

However, totals for some tables can be smaller for these reasons:

- Question is asked in both 2007-2008 but is a subpopulation based on a prior question.
- Question is asked only in 2007 or in one grade only or has a "no" response only.
- Question is asked only in 2008 or in one grade only or has a "no" response only.

NOTE: All tables show weighted percentages and unweighted counts.

NOTE: Since there were no Polk County high schools that participated in 2007, there are no tables for 2007. This is why certain variables are missing. For example, there is no Positive Youth Development (PYD) set of tables, because PYD is calculated for both years and there is only 2008 data.
