Informational Bulletin 2014-02

To: Interested Parties

From: David M. Howe, Program Director   
Radiation Protection Services

Subject: Radiological Analysis Fee Increase

This informational bulletin is to notify agencies requesting radiological analysis of the new fee schedule directed by the revision of Oregon Administrative Rule (OAR) 333-103-0035 as stated below. This rule directs the State of Oregon, Radiation Protection Services to establish a 25% fee increase.

Below is OAR 333-103-0035 outlining how to request radiological analyses.

*(1) An individual, agency, or company that requests that the Department Radiation Laboratory perform radiological analyses on samples must pay a fee to the Department in accordance with the schedule in section (2) of this rule. The responsible individual submitting the sample(s) must first obtain a request form from the Department. This form contains the fee schedule and the types of radiological analysis offered. That individual must then submit the completed form along with the sample and the appropriate fee to the Department. The Department will send the results by return mail in accordance with the estimated time as per section (3) of this rule.*

*(2) Fee Schedule:*

*(a) Gamma Isotopic -*

*(A) Liquid - \$310*

*(B) Solid - \$355*

*(b) Low-level Iodine-131- \$265;*

*(c) Tritium (H-3) - \$115.*

*(3) The analysis results will be available in approximately five working days for Gamma Isotopic analyses.*

*NOTE: If the Department cannot complete the analysis according to the schedule in section (3) of this rule, the Department will notify the customer as soon as possible.*

*(4) A \$100 surcharge shall be added to the fee for a one-day completion schedule for a Gamma Isotopic analysis.*

If you have any questions, please contact Todd S. Carpenter, Program Manager at 971-673-0500 or email at [Todd.s.carpenter@state.or.us](mailto:Todd.s.carpenter@state.or.us)
