

Funding Resource List

This is a list of potential funding sources in Oregon and at the national level. Not all entities have funded climate and health planning projects and thus, proposals may need to be tied to other related projects or partnerships.

Public Funding - Oregon

- [OHA Climate and Health Program](#)
 - Technical assistance and small grants may be available and will change year-to-year, depending on availability of funds.
- [Health Security, Preparedness, and Response](#)
 - There may be an opportunity to amend Preparedness program work plans to incorporate climate change adaptation as part of your All Hazards Planning.
- [Oregon Partnership for Disaster Resilience](#)
 - An applied research program working toward a more disaster resilient state. Technical assistance or [Resource Assistance for Rural Environments](#) may be available for local climate and health planning projects.
- [Oregon Sea Grant](#)
 - An integrated program of research, public engagement, and education, Oregon Sea Grant funds projects that build community resilience to coastal hazards and climate impacts in coastal communities

Public Funding – National

- [U.S. Climate Resilience Toolkit](#)
 - [Funding Opportunities](#)
- [EPA Grants](#)
 - [Environmental Education Model Grant Program](#)
 - [Environmental Justice Small Grants Program](#)
 - [Building Blocks for Sustainable Communities](#)
 - Equitable development
 - Sustainable strategies for small cities and rural areas

- Flood resilience for river and coastal communities
- US Dept. of Housing and Urban Development
 - [National Disaster Resilience Competition](#)
- NOAA Grants
 - [Climate and Societal Interactions program](#) provides support for research, assessments and climate services development including addressing adaptation challenges and supporting local decision-makers

Private Funding - Oregon

Most of these sources will only be possible if you have partnered with a community-based organization.

- [Oregon Community Foundation](#)
 - Health & Wellbeing of Vulnerable Populations, Educational Opportunities & Achievement, Community Livability, Environment & Citizen Engagement
- [Kaiser Permanente NW](#)
 - Safety Net Partnerships, Community Health Initiatives, Developing and Disseminating Knowledge, and Civic Engagement
