

## Highlights from the 2012 National EHDI Conference

1. Orient to the website
  - a. <http://www.Ehdimeeting.org>
  - b. Go to Schedule and Presentations
  - c. Grid of days, presentations – can download power point slides, handouts, etc.
  
2. High level impressions
  - a. Great opportunity for Oregon to highlight our good work – should submit presentations next year!!
  - b. Meeting culture: ASL presentations, concerns about protesters
  - c. Themes: medical home, using technology (websites, telehealth, webinars, etc), parent advocacy
  - d. Importance of mapping the Oregon EHDI landscape – environmental scan of partners
  - e. Relationship development, for example between H&V and EI
  - f. Standout presentations: Pediatric Audiology 101, great plenaries including Media and Health, Genetics, Language Outcomes, Henry Kisor

3. Take away's from conference embedded into Action Plan
  - a. Webinars for hospital training
  - b. Partnership efforts with midwives
  - c. Environmental scan of outpatient screeners
  - d. Build network of free screening partners
  - e. Regional approach to coordinate across the EHDI system, patchwork the resources and capacity available
  - f. Medical home focus
  
4. Concrete to-dos
  - a. Revisit MOU between EHDI and EI
  - b. Focus on Medical Home effort
  - c. Read Henry Kisor's "What's that Pig Outdoors?"
  - d. Keep on innovating!
