RH Program Website Update

The Reproductive Health Program has recently reorganized its website to be more user friendly:
http://public.health.oregon.gov/HealthyPeopleFamilies/ReproductiveSexualHealth/Pages/index.aspx

We now have Provider Quick Links in the right text box on our website so you can easily find frequently used resources such as the Program Manual and our Update newsletters. If you are looking for our Health Education materials, they have moved to their own page. You can access them under the Provider Quick Links or click here:
http://public.health.oregon.gov/HealthyPeopleFamilies/ReproductiveSexualHealth/HealthEducation/Pages/index.aspx

If you are looking for the Annual County Data Sheets, they have been moved to our new Data and Reports page:
http://public.health.oregon.gov/HealthyPeopleFamilies/ReproductiveSexualHealth/Pages/Reproductive-Health-Data-and-Reports.aspx

If you have any questions where to find content or resources, contact Liz Gharst at elizabeth.a.gharst@state.or.us or call 971-673-0363.

IMPORTANT DEADLINE REMINDER

The deadline to re-certify your agency to continue to qualify for 340 B public health pricing is June 7th. If your agency has not yet received recertification information from HRSA, or if your agency has not yet completed the process, you may be at risk for being removed from the covered entity database. Please contact Karol Almroth karol.l.almroth@state.or.us if you have questions.
New Code for Billing Skyla IUS

Effective July 1, please use HCPCS code J3490-FP and CVR supply code 21 when billing CCare for the Skyla IUS. We had originally combined Skyla with the Mirena IUS code (J7302-FP), but in order to be consistent with OHP the generic temporary code will be used until Skyla is issued a permanent code in early 2014.

The Sponge will now share the miscellaneous code A9999-FP with CycleBeads. Please see the attached revised Supply Reimbursement Rate Chart with highlighted areas reflecting this change and the associated CVR supply codes. You may print a hard copy for your paper manual from the RH Manual Change Log on our Provider Resources Website. For agencies using WIN CVR, a patch will be sent from Ahlers & Associates in late June to accommodate this change. If you have any questions, please contact Karol Almroth karol.l.almroth@state.or.us or Emily Elman emily.l.elman@state.or.us.

Reminder To All Agencies Regarding Contact Updates

Please be sure to contact the RH Program whenever there are changes in the contact information for your agency’s RH Coordinator or Administrator so we can keep our database current. We often send out important program information exclusively to these two contacts and don’t want your agency to be left behind because of old information. Please contact Judy Andreasen at judith.andreasen@state.or.us or at 971-673-0355 with any updates.

Clients’ Names in Eligibility Database

This is a reminder to please enter clients’ full first names in the Eligibility Database. We use the Eligibility Database to verify SSNs through the Social Security Administration (SSA) and the SSA does not recognize nicknames. This means that clients whose names are not entered as they show on their Social Security cards are rejected, and their eligibility risks being terminated. To avoid this, please enter clients’ full legal name in the Eligibility Database. Thank you!
Cover Oregon Online Community Partner Training

If your program and/or agency is considering providing clients with enrollment assistance under the Cover Oregon health insurance marketplace, then interested staff will need this training. Three reasons your program or agency will want to consider this training are: 1) to retain existing clients by enrolling them on site at your clinic, 2) to draw new clients to the clinic by offering Cover Oregon application assistance at your clinic, and 3) to ensure a guaranteed payment source for your new and/or current clients. As an enrollment assister you will have the opportunity to educate new and current clients about the role Care can play in providing coverage under various scenarios. Stay tuned for Cover Oregon announcements of grant opportunities to fund outreach and/or enrollment activities early this summer. Details of the training including how to register can be found at: http://www.coveroregon.com/partners_agents.php. Look under the Community Partners section under “To get started on training.”

Preregistration ends TODAY for PPSO’s Sex Ed Boot Camp

Sex Ed Boot Camp registration is now open! This year’s Sex Ed Boot Camp is June 26 – 27th at Planned Parenthood of Southwestern Oregon’s Regional Health and Education Center in Eugene! Sex Ed Boot Camp is a terrific opportunity to gain skills and confidence to be an effective sex education resource for youth! Please share with your colleagues. Be sure to catch the Early Bird rate of $100 (ending today) and save on your registration!! Go here to download a registration form. The fifth annual Sex Ed Bootcamp supports professionals in gaining the fundamental skills necessary to provide medically accurate and age-appropriate sexuality education to diverse populations of youth. This training is targeted to health educators, youth-workers, counselors, social workers, and others who work with young people.
Using High Intensity Behavioral Counseling (HIBC) to Prevent Sexually Transmitted Infections in Youth  Webinar

**Date:** Wednesday, June 12, 2013  **Time:** 10:00 - 11:30 am PT

The National Resource Center for HIV/AIDS Prevention among Youth will be hosting its very first webinar. Participants can expect to:

- Learn how the Affordable Care Act (ACA) is expanding billable preventive services
- Learn how High Intensity Behavioral Counseling (HIBC) can be used to prevent HIV and other STIs
- Identify billing coding for HIBC and other preventive services
- Describe documentation needed
- Learn how to access training & other resources

See [www.preventyouthhiv.org](http://www.preventyouthhiv.org) for more information and for online registration!

**Dartmouth College Birth Control Study**

Dartmouth College is conducting a study on women’s and healthcare providers’ views on how we make decisions about birth control. The goal of the study is to use this information to develop a tool to support women and their healthcare providers to discuss and make decisions about methods of contraception as a team. The researchers are requesting participation from both providers and clients by completing a confidential 10 minute online survey on making decisions about contraception. If you are interested in participating or sharing this with clients see the attached flyers or click on the link below:

ACA Webinars in Mandarin, Korean, Tongan, and Vietnamese

CMS and the Asian and Pacific Islander American Health Forum are co-sponsoring free in-language webinars in Chinese (Mandarin), Korean, Tagalog, Tongan and Vietnamese about the Affordable Care Act. Please use the link below to access the information.
