

Oregon SBHC Key Performance Measures Guidance Document

Core Measure 1: Well-care visit

Measure Description

The percentage of SBHC clients ages 5-21 with evidence of a completed comprehensive well-care visit during the measurement school year

This measure is one of two required Core Key Performance Measures (KPMs). All certified SBHCs in Oregon must report on this measure.

Eligible Population

All SBHC clients seen for any reason (including physical, mental, dental health visits) during the measurement school year (July 1 – June 30) ages 5-21 at the time of their visit

Exclusions

SBHC clients may be excluded from Well-Care Visit denominator if:

- Client 15 years of age or older refuses comprehensive well-care visit;
- Parent consent for comprehensive well-care visit is unable to be obtained after 1 attempt for client under 15 years of age; OR
- Client/parent claims comprehensive well-care visit has been provided elsewhere AND clinic makes 1 documented unsuccessful attempt to obtain clinical records; OR
- Client makes documented request for confidential visit and there is concern that obtaining information from a non-SBHC provider may compromise the client’s confidentiality.

Measure Specifications

Denominator:	Eligible population
Numerator:	Unique counts of SBHC clients ages 5-21 during the measurement school year (July 1 – June 30) who received a well-care visit
Required Codes:	ICD-9-CM Diagnosis: V20.2, V70.0, V70.3, V70.5, V70.6, V70.8, V70.9 <u>OR</u> ICD-10-CM Diagnosis: Z00.00, Z00.01, Z00.121, Z00.129, Z00.5, Z00.8, Z02.0, Z02.1, Z02.2, Z02.3, Z02.4, Z02.5, Z02.6, Z02.71, Z02.79, Z02.81, Z02.82, Z02.83, Z02.89, Z02.9 CPT: 99383-99385, 99393-99395 HCPCS: G0438, G0439
State Benchmark:	50% of charts sampled with documented comprehensive well-care visit during the measurement school year
Chart Audit Requirements:	SBHCs should audit 20% of their charts of the eligible population, with a floor of 30 charts and a ceiling of 50. If the SBHC has fewer than 30 eligible charts, they should review all eligible charts.

What “counts” as a well-care visit?

This measure is based on administrative (billing) data. The well-care visit should be documented using one of the required codes (ICD or CPT) listed in the Measure Specifications. To use the billing codes listed above, the following components must be present for a visit to count as a well-care visit:

- A health and developmental history, e.g. social and emotional well-being, health behavior, academic history, physical development and mental health
- A physical exam, e.g., weight, height, vision, hear, lungs, skin, genitals etc
- Health education/anticipatory guidance provided based on results of health assessment

OR

- Documentation of well-care visit conducted at non-SBHC provider

FAQ

Does a Sports Physical count as a well visit?

Sports physicals are excellent opportunities for well-care visits, but sports physicals by themselves do not meet the components of a comprehensive adolescent well-care visit.

Does the Health Assessment need to be completed at the same time as the comprehensive well-care visit and physical exam?

No. We understand that the health assessment may be conducted over multiple visits, rather than within the context of a single well visit.
