- Replacing FIs*** 2.0 Assess that the participant's request for replacement FIs is valid. If the participant has a valid request for replacement according to this policy, replace the FIs that were originally issued to the participant (one, two or three months). If a participant reports only part of their food package as damaged, stolen or lost, replace on an FI for FI basis.
- Partial packages*** 2.1 If a participant is to receive replacement FIs after the 20th of the month, issue a partial package for the current month. Partial packages will carry the participant to the next month's issuance.
- Previous month issuance*** 2.2 Local programs shall not reissue FIs from the previous month, regardless of the "Last Day To Use" on the FI. FIs issued for a particular month provide nutritional support to the participant for that month only.
2.2.1 If a technical problem prevents FIs from being printed for a participant at their appointment and FIs cannot be printed before the end of the month (i.e. emergency situation where printer breaks on the last day of the month), contact the state WIC office for guidance.
- 2.3 Local programs shall not issue retroactive benefits to disqualified participants who are reinstated following an administrative hearing.
- When replacement is not justified*** 3.0 FI replacement is not justified in the following situations:
3.1 ***Do not*** replace FIs that have already been redeemed.
3.2 ***Do not*** replace formula FIs if the participant, parent or caretaker has already reported formula FIs as lost and received replacements once within the participant's current certification period.
3.3 ***Do not*** replace FIs that are lost in the mail. FIs are only to be mailed in limited circumstances, refer to ♦506 for more information.
3.4 ***Do not*** replace FIs that are past the expiration date. Cancel the FIs in TWIST and then shred the FIs.
3.5 ***Do not*** replace FIs for participants who are moving out of state. Cancel the FIs in TWIST and then shred the FIs.
3.6 ***Do not*** replace FIs for a deceased participant. Cancel the FIs in TWIST and then shred the FIs.
3.7 ***Do not*** replace FIs for any time period when a participant is disqualified. If the participant is reinstated, their benefit begins with the current month.

<i>Required documentation for lost/stolen FIs</i>	<p>4.0 For all FIs reported lost or stolen, clinic staff will complete the “Lost/Stolen FI Documentation” report in TWIST. Refer to the TWIST Training Manual, Chapter 5, Lesson 105—Void Issued FIs for details on printing this report. See Appendix A and B for examples of the report in English (FI210R) and Spanish (FI220R).</p> <p>4.1 Review the report with the participant, parent or caretaker.</p> <p>4.2 Inform her/him that redeeming FIs that have been reported lost or stolen is considered misuse of WIC funds and is subject to penalties including disqualification from the program and a claim for reimbursement, even if FIs were cashed by two different authorized signers (e.g., father and mother).</p> <p>4.3 If the individual is reporting lost formula FIs, inform them that this is the only time FIs will be replaced during the participant’s current certification period. If necessary, suggest a different FI pick up schedule.</p> <p>4.4 Obtain the signature of the participant, parent or caretaker on the report.</p> <p>4.5 Within 3 days, send the report to the state WIC office, Attn: Batch Mail.</p>
<i>Required documentation for voiding vouchers due to a category change</i>	<p>5.0 If the participant with a category change does not have the vouchers being voided with them, clinic staff must complete the “Voiding Vouchers Due to Category Change” form (57-911).</p> <p>5.1 Fill out a separate form for each participant receiving replacement vouchers due to a category change.</p> <p>5.1.1 If the information is the same for all rows in the “Original WIC Category,” “Voucher Issue Date,” “Void Date,” “New WIC Category,” and “Reissue (Print) Date” columns, this information need only be filled in once on the top row.</p> <p>5.1.2 The original and replacement vouchers will not necessarily be a one to one replacement, as in reporting lost or stolen vouchers, as participants may receive fewer or more vouchers with their new category. Until the report is programmed to automatically print from TWIST, list each original and reissued voucher number in the appropriate column without attempting to reconcile each original with a reissued voucher.</p>

NOTE: The state WIC office will be able to determine the voucher issuance by benefit month for any required follow up.

- 5.2 Review the form with the participant, parent or caretaker.

(Required documentation for voiding vouchers due to a category change)

- 5.3 Inform her/him that redeeming FIs that have been voided is considered misuse of WIC funds and is subject to penalties including disqualification from the program and a claim for reimbursement, even if FIs were cashed by two different authorized signers (e.g., father and mother).
- 5.4 Obtain the signature of the participant, parent or caretaker on the form.
- 5.5 Within three days, send the “Voiding Vouchers Due to a Category Change” form to the state WIC office, Attn: Batch Mail.

Missing FI stub

- 6.0 If there is a disagreement over FI issuance where the participant claims FIs were never received, TWIST shows that the FIs were issued, but the FI stubs cannot be located to prove they were received, follow the procedure below:
 - 6.1 Inform that participant that spending two sets of FIs is considered program abuse. Have the participant sign the “Lost/Stolen FI Documentation” report.
 - 6.2 Replace the FIs using “Lost-FIs replaced” in TWIST. ★
