

# Accreditation in Oregon

*Strengthening Public Health Infrastructure  
for Improved Health Outcomes Grant*

## Background

- Funding from CDC to support infrastructure building within Oregon's public health system.
- Grant runs through September 2012. Future years TBD.

## Grant Goal

Accelerate accreditation readiness for state and local public health agencies

***The purpose of the grant is to provide tools and capacity building assistance to support efforts towards accreditation, and build a culture of continuous improvement***

## Grant Goals

Reshaping the public health system through improved engagement with existing and emerging partners

***Providing tools and capacity building assistance to advocate for our role in healthcare reform and support "Health in All"***

## How We Get There

### Collaboration – Best Practices – Sustainability

Data Driven

Standards  
Training  
Coaching

Advocacy

## What's the Plan?

### Data Driven

- Health assessment tool(s) – crunch our data
- Reporting system – share our data

Collaboration...Collaboration...Collaboration

## Infrastructure and Workforce Development

### Standards – Training – Coaching

- Develop Oregon's standards
- Develop and support training for the public health system
- Provide coaching

Collaboration...Collaboration...Collaboration

## Sharing Our Good Work

### Advocacy

- Develop our expertise to share our work the right way, at the right time, to the right people
- Enhance existing partnerships and relationships
- Build relationships with non-traditional partners

Collaboration...Collaboration...Collaboration

## What's Happening Now?

- Hiring State staff to coordinate the work
- Finalizing Request for Applications for LHD accreditation projects
- Forming work group to make recommendations on health assessment tools
- Developing connections to existing work groups, e.g., Accreditation Work Group, Community Health Assessment Partnership
