Population: Total population
Rate per 100,000 population
Age-Adjusted to standard U.S. 2000 population - 4 groups (0-17, 18-34, 35-54, 55+)
* = an estimate that significantly differs from non-Hispanic Whites (p < .05); calculated for age-adjusted values only
† = an estimate with a relative standard error > 30%, and should be considered unreliable
Number of cases with missing ethnicity/race data: 81

Date: April 24, 2014
