

State of Oregon Requires Facilities to Allow Customer Access to Employee Restrooms by Law

I certify _____ has an eligible medical condition. Retail establishments must allow access to employee restrooms under state law.

This certification:

- Expires _____
- Does not expire

Signed: _____

Date: _____

Customer Rights

State law allows customers with eligible medical conditions, as verified by their health care provider, to use employee only restrooms in retail establishments when:

- The request is during normal business hours
- The customer requests access and shows this form
- The restroom is reasonably safe for the customer
- Restroom access does not create a security risk to the store or its employees
