

## Learning Objectives:

Participants will:

- Celebrate Oregon's screening superstars!
- Review Oregon EHDI Screening Protocol, including minimum legislative requirements and recommended practices
- Understand the importance of accurate reporting and data entry in OVERS
- Provide input on the proposed Hospital Scorecard
- Review a Hearing Screener's Script
- Understand hospital screening programs' relationship to the overall EHDI system
- Provide input on how the State can support your hospital's newborn hearing screening program
- Discuss barriers to successful screening and follow-up with other hospital staff and EHDI personnel and brainstorm solutions

### *What is the Purpose?*

The purpose of this workshop is to support Hospital Newborn Hearing Screening Programs. We will discuss reporting requirements, reminders, and recommendations, and provide an opportunity for hospitals to troubleshoot barriers in screening and follow-up together.

### *Who Should Attend?*

All Hospital Newborn Hearing Screening Coordinators in Oregon. Birth Clerks and Hearing Screeners are also encouraged to attend.

### *What is the Cost?*

The workshop is free and lunch will be provided. You may qualify for mileage reimbursement. More information to follow.
