

In preparation for the possible release of future SBHC Planning Grant RFPs, please consider the following priority areas and questions.

Community Need for Assistance: What is the need for services among school-aged youth in your community? How will SBHCs become part of the Public Health Care Delivery system in your region?

Community Readiness: What have your community's SBHC planning efforts been up to the present? How will you plan to further develop your community's readiness and community engagement efforts as you move towards the opening of the center?

Partnerships and Sustainability: What is the current or future development of your SBHC planning committee? What partnerships you have engaged or plan to engage that will assist your SBHC in meeting State Certification Standards?

- Advance Phase Planning Applicants are typically required to explain their plans to bill insurance for reimbursement, including level of billing and EHR system(s) the center will use.

Alignment with Oregon's Health Transformation Goals: What is your involvement with health transformation work that is happening within your region, including involvement with regional CCOs? How will your SBHC fit into the Patient-Center Primary Care Home model?

Youth Involvement: What is your plan to incorporate youth into your SBHC planning efforts? Do you have any policy options to ensure ongoing youth involvement in your SBHC?

Strategic Plan and Budget: What is your timeline and budget to support your planning efforts for the year or two years?

Letters of Support: Applicants are typically encouraged to submit letters of support from local partner agencies.

- Advanced Phase Planning Applicants are typically required to submit letters of support from the host school's Principal or Superintendent and a letter of intent to sponsor or Memorandum of Understanding from the medical sponsor agency.
