Happy October!

We are pleased to announce the premier of a new training video for cashiers all about Oregon WIC Foods (including the new foods) in the eWIC environment. It's about 20 minutes long. Click on the CC button at the bottom of the video screen to turn on captioning.

You can watch it at either of the links below.

The WIC website:

Youtube:

If you can't watch the video online, please let us know. We are compiling a list of stores that need DVDs and will send the order when we know how many we need to make.

If you want an electronic file of this video to post on your company Intranet for cashier training, please let us know! We need to know what format you need and the best way to get it to you (Dropbox, FTP, CD, etc.).

Be on the lookout for additional eWIC training materials for stores! We have some great stuff coming your way!

Thank you,
