Statutes Implemented:

ORS 438.605 - 438.620, 448.280(1)(b) & (2), OL 2015, ch. 614

RULE SUMMARY

The Oregon Health Authority, Public Health Division, Oregon State Public Health Laboratory is proposing to permanently amend administrative rules in chapter 333, division 64 pertaining to environmental laboratory accreditation to implement marijuana testing as a result of the passage of HB 3400 (Oregon Laws 2015, chapter 614). The Oregon Environmental Laboratory Accreditation Program (ORELAP) is a fee based program that accredits laboratories by Matrix-Technology/Method-Analyte. In order for ORELAP to accredit laboratories testing marijuana pursuant to licensure through the Oregon Liquor Control Commission (OLCC), the rule amendments will expand the scope of accreditation by means of adding advanced technology field of testing, defining matrix to include cannabinoid products, concentrates or extracts and establishing and collecting the correlating fees for service.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing negative economic impact of the rule on business.
