

Tobacco-Related and Other Chronic Diseases
 Learning Institute- II
 May 22-23, 2008
 Hilton Hotel
 Eugene, Oregon

Learning Objectives:

1. Participants will be able to demonstrate their understanding of the public health approach to addressing the prevention, early detection, and management of chronic diseases by
 - a. Identifying at least two best practice strategies for prevention, early detection, and self-management of chronic diseases and sharing them with their CHAC.
 - b. Identifying at least one best practice strategy for the prevention, early detection, and self-management of chronic diseases, in the community, schools, worksites, and health systems and sharing them with their CHAC.
2. Participants will demonstrate they know how to engage community partners in a needs assessment by contacting at least one person associated with an organization linked to each setting prior to the June Institute.
