HOW DID WE GET HERE?

CHANGING
FISCAL
LANDSCAPE

NEED TO COMMUNICATE
ABOUT PUBLIC HEALTH

OREGON LEADERSHIP

WHAT IS
NEEDED
ANYWHERE
TO BE
EVERYWHERE

NATIONAL
VISION

2010 Oregon Health Improvement Plan

Goal 3

- Stimulate linkages, innovation and integration among public health, health systems and communities

Strategy 1: Increase the effectiveness and efficiency of Oregon's public health system

Action: ...state and all county/regional health departments seek and achieve accreditation

Funding begins in 2009

- A collaborative grant writing venture between state and local public health resulted in funding from CDC to support infrastructure building within Oregon's public health system. Strengthening focus on accreditation readiness.
- NWHF provides 10 grants to 12 counties in 2011, and will provide up to five grants in 2012.

Accreditation and QI momentum

LHD Milestones Achieved

- Six LHDs (Union, Clackamas, North Central, Crook, Deschutes and Marion) have submitted Letters of Intent to apply for accreditation.
- Three of the six have been accepted, and submitted applications, fees and prerequisites
- Next step: PHAB in-person orientation and documentation upload

CLHO Accreditation Support

- PMP-funded local accreditation manager supports all Local Health Departments
 - Accreditation technical assistance
 - Accreditation webinar series
 - QI training
 - Best practices and lessons learned
 - Co-convener of Accreditation Workgroup

Joint Accreditation Work Group

- Co-facilitated by State and CLHO
- Organizes requests for State documentation support, and shares resources
- Best practices and lessons learned
- Venue for announcements related to funding and training

State Progress Toward Accreditation

- Prerequisites
 - Community Health Assessment
 - Public Health Division Strategic Plan
 - Community Health Improvement Plan
- Letter of intent
 - September 2012
- Documentation and Site Visit

State Health Profile

Request for Input - Oregon Population Health Profile

The Public Health Division thanks all who provided input on the proposed health status indicators. Data are now available for each indicator and we are seeking additional input for the purpose of finalizing the Oregon Population Health Profile.

Feedback Requested

Please provide input on **1)** the specific population profiles and **2)** the data for each indicator (found in the table below).

1) Specific Population Profiles

The division is requesting feedback on health status profiles of specific populations:

- [Racial and Ethnic Populations \(pdf\)](#) - examines disparities in mortality, communicable diseases, behavioral risk factors, maternal and infant health, and health care access.
- [Economically Disadvantaged and Uninsured Populations \(pdf\)](#) - analyzes chronic conditions, behavioral risk factors, maternal and infant health, and access to care.

2) Indicator Data

Jump to the indicator data using the category links below:

How to Comment

- Send feedback via email.

Stay Involved

Feedback will be collected through August 17, 2012.

- Subscribe to be notified when this page is updated with the results of your input.

**WE HAVE COME A LONG WAY
TOGETHER IN A SHORT TIME.**

**AND, OTHER STATES ARE
WATCHING US.**

SO WHERE *ARE* WE GOING NEXT?

WHERE DO WE WANT TO GO?

It is up to us...

- Use the accreditation opportunity to transform our system?
- Use it to think about our work differently?
- *Do* something different?
- Create the health department of the future?
- Build new collaborations?
- Create an understanding of the value of prevention to communities?
- Get healthcare to do the right thing?
- How will we work with physical and mental health?
- With business? Churches? CCOs?
- Shared assessments? Plans? Service delivery?
